SUMMARY

Frontend Developer and Computer Science undergraduate (specializing in Cybersecurity) with hands-on experience building responsive, user-friendly web applications using React, Next.js, and TypeScript. Skilled in modern frontend tooling (Tailwind CSS, Material UI, React Query) and REST API integration, with a strong foundation in data structures, algorithms, and secure software practices. Passionate about continuous learning and delivering high-quality web experiences.

TECHNICAL SKILLS

Core: React.js • Next.js • Redux.js • TypeScript • JavaScript ES6+ • HTML5 • CSS3 • Axios

Styling: Tailwind CSS • Material UI • SASS • Bootstrap • Responsive Design

Tools: Git • GitHub • React Query • REST APIs • JWT Authentication • Single Page Applications (SPA)

Fundamentals: Data Structures • OOP • SQL (Basic) • Problem Solving

PROJECTS

Fresh-Cart

React · TypeScript

- Built a responsive e-commerce web app with React & TypeScript, integrating REST APIs for products, auth, cart, wishlist, and orders behind JWT-protected routes.
- Managed server state with React Query and built reusable, optimized responsive components.

Personal Portfolio Website

Next.js · TypeScript · Tailwind CSS · Framer Motion

- Built a responsive personal portfolio with Next.js, TypeScript & Tailwind CSS, featuring a custom cyberpunk theme with Framer Motion animations (loading screen, scroll-aware navbar, floating elements).
- Implemented an animated canvas background, mobile-responsive navigation, and reusable component architecture (Navbar, Footer, ThemeProvider).

TRAINING & PRACTICAL EXPERIENCE

Route — Front-End Development Diploma

- Completed an intensive diploma covering the React.js ecosystem, Next.js, TypeScript, and modern CSS frameworks, building real-world projects with best practices in component architecture, state management, and API integration.
- Gained hands-on experience with Git version control and collaborative development workflows.

EDUCATION

Bachelor of Computers and Artificial Intelligence

Sphinx University — Expected Graduation 2027

- Relevant Coursework: Programming, OOP, Data Structures & Algorithms, Database Systems, Web Development, Software Engineering.

CERTIFICATIONS

- **Front-End Development Diploma** — Route (Mar 2026)
- **Database Fundamentals** — MaharaTech (May 2024)
- **HCIA-Datacom Learning Course** — Huawei ICT Academy – Egypt (Sep 2024)
- **C++ Programming** — IDEA cademy (Jan 2024)
- **PCAP: Programming Essentials in Python** — Cisco Networking Academy (Oct 2024)

LANGUAGES

Arabic — Native **English** — Professional Working Proficiency
